

STEPHEN BARTH

Engaging Keynote Presentations

Managing your Emotional Energy

All of Stephen Barth's entertaining and interactive presentations in providing participants with information and actions that they can employ immediately to begin recognizing the benefits of time spent with him.

Learning Outcomes

- Identify emotional competency gaps and acquire skills to find them
- Have the tools to build a personal and professional foundation
- Re-script the subconscious to bring about powerful internal change
- Develop effective emotional competencies with daily reminders to transition from reactive to proactive responses

Positive Leadership for Positive Performance

Strengthening leadership skills via positive methods. A dynamic seminar that will provide the necessary techniques for coaching, teaching, and facilitating the work of your employees in order to enhance the commitment and productivity of your workforce while simultaneously increasing retention rates.

Learning Outcomes

- How to create clear direction and expectations
- Develop enhanced motivational techniques
- Capturing the synergy that arises from teams

Conflict Resolution Skills

Every relationship has conflict. Successful relationships have the ability to solve conflict. From this program you will gain personal and professional breakthrough and insight to enhance your ability to solve conflicts with others, and to enable you to mediate third party disputes faster, with more effective outcomes.

Learning Outcomes

- Recognize conflict and identify potential solutions
- Resolve disputes that they are involved in and between others
- Handle difficult member and board issues more effectively
- Develop emotional competencies
- Comprehending lateral service for internal customers
